

FCC: This is in regard to the changing of the FM to taking K-Love off the air waves due to new regulations. K-Love is my Savior's hand reaching out to everyone showing them there is a way! With all the problems in this world and all the decisions to take God out of our lives this is just but one more attempt of the devil doing his work to tempt all peoples. You must preserve this station and others like it so that people can be touched daily in their lives and be shown that all is not lost and there is a way to a better place as promised to ALL. God is The Way, The Truth, and The Life. People have been changed just by listening to K-Love. K-Love does a wonderful service to all and is open to everyone. As a faithful listener and supporter I know that there are millions like myself, because K-Love would not be on the air if we, as listeners, did not support K-Love because as you know it is LISTENER SUPPORTED, no commercials or others to pay the way, JUST GOD'S CHILDREN WHO WANT OTHERS TO KNOW THE MESSAGE. I truly think it would be a sad statement to change the status of any of the rules that would possibly take K-Love off the air just so we can be inundated with MORE COMMERCIALS AND CRAP, CRAP, CRAP! The air waves are open let them remain that way with choices-MY CHOICE IS K-LOVE! DON'T TAKE MY CHOICE AWAY!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
